## Guidelines for the Creation of the Internal Quality Assurance Cell (IQAC) and Submission of Annual Quality Assurance Report (AQAR) in Accredited Institutions

## Introduction

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, institutions need to channelize its efforts and measures towards promoting the holistic academic excellence including the peer committee recommendations.

The guidelines provided in the following pages will guide and facilitate the institution in the creation and operation of the Internal Quality Assurance Cell (IQAC). The work of the IQAC is the first step towards internalization and institutionalization of quality enhancement initiatives. Its success depends upon the sense of belongingness and participation in all the constituents of the institution. It will not be yet another hierarchical structure or a record-keeping exercise in the institution. It will be a facilitative and participative voluntary system/unit/organ of the institution. It has the potential to become a vehicle for ushering in quality enhancement by working out planned interventionist strategies by IQAC to remove deficiencies and enhance quality like the "Quality Circles" in industries.

## IQAC – Vision

To ensure quality culture as the prime concern for the Higher Education Institutions through institutionalizing and internalizing all the initiatives taken with internal and external support.

## Objective

## The primary aim of IQAC is

- To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

## **S**trategies

## IQAC shall evolve mechanisms and procedures for

- a) Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;
- b) Relevant and quality academic/ research programmes;
- c) Equitable access to and affordability of academic programmes for various sections of society;
- d) Optimization and integration of modern methods of teaching and learning;
- e) The credibility of assessment and evaluation process;
- f) Ensuring the adequacy, maintenance and proper allocation of support structure and services;
- g) Sharing of research findings and networking with other institutions in India and abroad.

## Functions

## Some of the functions expected of the IQAC are:

- a) Development and application of quality benchmarks
- b) Parameters for various academic and administrative activities of the institution;
- c) Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process;
- d) Collection and analysis of feedback from all stakeholders on quality-related institutional processes;
- d) Dissemination of information on various quality parameters to all stakeholders;
- e) Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles;
- f) Documentation of the various programmes/activities leading to quality improvement;
- g) Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices;
- h) Development and maintenance of institutional database through MIS for the purpose of maintaining /enhancing the institutional quality;
- i) Periodical conduct of Academic and Administrative Audit and its follow-up
- j) Preparation and submission of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC.

## Benefits

## IQAC will facilitate / contribute to

- a) Ensure clarity and focus in institutional functioning towards quality enhancement;
- b) Ensure internalization of the quality culture;
- b) Ensure enhancement and coordination among various activities of the institution and institutionalize all good practices;

- c) Provide a sound basis for decision-making to improve institutional functioning;
- d) Act as a dynamic system for quality changes in HEIs;
- e) Build an organised methodology of documentation and internal communication.

## Composition of the IQAC

IQAC may be constituted in every institution under the Chairmanship of the Head of the institution with heads of important academic and administrative units and a few teachers and a few distinguished educationists and representatives of local management and stakeholders.

The composition of the IQAC may be as follows:

- 1. Chairperson: Head of the Institution
- 2. Teachers to represent all level (Three to eight)
- 3. One member from the Management
- 4. Few Senior administrative officers
- 5. One nominee each from local society, Students and Alumni
- 6. One nominee each from Employers /Industrialists/Stakeholders
- 7. One of the senior teachers as the coordinator/Director of the IQAC

The composition of the IQAC will depend on the size and complexity of the institution, accordingly the representation of teachers may vary. It helps the institutions in planning and monitoring. IQAC also gives stakeholders or beneficiaries a cross-sectional participation in the institution's quality enhancement activities. The guidelines given here are only indicative and will help the institutions for quality sustenance activities.

The membership of such nominated members shall be for a period of two years. The IQAC should meet at least once in every quarter. The quorum for the meeting shall be two-third of the total number of members. The agenda, minutes and Action Taken Reports are to be documented with official signatures and maintained electronically in a retrievable format.

It is necessary for the members of the IQAC to shoulder the responsibilities of generating and promoting awareness in the institution and to devote time for working out the procedural details. While selecting these members several precautions need to be taken. A few of them are listed below:

- It is advisable to choose persons from various backgrounds who have earned respect for integrity and excellence in their teaching and research. Moreover, they should be aware of the ground realities of the institutional environment. They should be known for their commitment to improving the quality of teaching and learning.
- It is advisable to change the co-ordinator after two to three years to bring new thoughts and activities in the institution.

- It would be appropriate to choose as senior administrators, persons in charge of institutional services such as library, computer center, estate, student welfare, administration, academic tasks, examination and planning and development.
- The management representative should be a person who is aware of the institution's objectives, limitations and strengths and is committed to its improvement. The local society representatives should be of high social standing and should have made significant contributions to society and in particular to education.

## The role of the Coordinator

The role of the coordinator of the IQAC is crucial in ensuring the effective functioning of all the members. The coordinator of the IQAC may be a senior/competent person with experience and exposure in quality aspects. She/he may be a full-time functionary or, to start with, she/he may be a senior academic /administrator entrusted with the IQAC as an additional responsibility. Secretarial assistance may be facilitated by the administration. It is essential that the coordinator may have sound knowledge about the computer, data management and its various functions such as usage for effective communication.

## **Operational Features of the IQAC**

Quality assurance is a by-product of ongoing efforts to define the objectives of an institution, to have a work plan to achieve them and to specify the checks and balances to evaluate the degree to which each of the tasks is fulfilled. Hence devotion and commitment to improvement rather than mere institutional control is the basis for devising procedures and instruments for assuring quality. The right balance between the health and growth of an institution needs to be struck. The IQAC has to ensure that whatever is done in the institution for "education" is done efficiently and effectively with high standards. In order to do this, the IQAC will have to first establish procedures and modalities to collect data and information on various aspects of institutional functioning.

The coordinator of the IQAC will have a major role in implementing these functions. The IQAC may derive major support from the already existing units and mechanisms that contribute to the functions listed above. The operational features and functions discussed so far are broad-based to facilitate institutions towards academic excellence and institutions may adapt them to their specific needs.

The institutions need to submit yearly the Annual Quality Assurance Report (AQAR) to NAAC by end of September every year positively. A functional Internal Quality Assurance Cell (IQAC) and timely submission of Annual Quality Assurance Reports (AQARs) are the Minimum Institutional Requirements (MIR) to volunteer for second, third or subsequent cycle's accreditation. During the institutional visit the NAAC peer teams will interact with the IQACs to know the progress, functioning as well as quality sustenance initiatives undertaken by them.

The Annual Quality Assurance Report (AQAR) may be the part of the Annual Report. The AQAR shall be approved by the statutory bodies of the HEIs (such as Governing Council/

Executive Council/Board of Management) for the follow up action for necessary quality enhancement measures.

The IQACs may create its exclusive window tab on its institutional website for keeping the records/files of NAAC, Peer Team Reports, AQAR, and Certificate of Accreditation Outcomes and regularly upload/report on its activities, as well as for hosting the AQAR.

## **Revised Accreditation Framework**

NAAC has launched Revised Accreditation Framework since July, 2017 and hence AQAR format also modified, in cognizance with the new methodology. The tools and parameters are designed in the new AQAR format are in such a way that the preparation of AQAR would facilitate the HEI's for upcoming cycles of Accreditation. Data collected/prepared infuses quality enhancement measures undertaken during the years. Further, it also adds quality enhancement and quality sustenance measures undertaken in teaching, learning, research, extension and support activities of the Institution. It is hoped that new AQAR would facilitate Educational Institutions for creating a good database at Institutional level for enhancing the quality culture.

As per the Revised Accreditation Framework (RAF), the NAAC Accredited institutions need to submit the AQAR online. NAAC is in the process of ICT integration in Assessment and Accreditation. The login id for the online submission for AQAR submission will be the e-mail id used for the IIQA. The AQAR submission is part of the post accreditation module, in due course of time. NAAC portal will have the facility to submit the AQAR online and Institutions will receive automated response. AQAR of the preceding year be submitted to the NAAC within six months i.e. the institutions should submit the AQAR before 31<sup>st</sup> December of every year.

## The Higher Education Institutions need not submit the printed/hard copy of AQAR to NAAC. Mandatory Submission of AQAR by IQAC

The Executive Committee of NAAC has decided that regular submission of AQARs is mandatory for  $2^{nd}$  and subsequent cycles of accreditation with effect from  $16^{th}$  September 2016:

The following are the pre-requisites for submission of IIQA for all Higher Education Institutions (HEIs) opting for  $2^{nd}$  and subsequent cycles of A& A:

- Having a functional IQAC.
- The minutes of IQAC meeting and compliance to the decisions should be uploaded on the institutional website.
- Mandatory submission of AQARs on a regular basis for institutions undergoing the second and subsequent cycles of Assessment and Accreditation by NAAC.
- Upload the AQAR's on institutional website for access to all stakeholders.

Note: The terms and abbreviation used in AQAR are in accordance with respective manuals for assessment of NAAC. Please refer institutional manual for glossary and abbreviations terms used in AQAR.

## The Annual Quality Assurance Report (AQAR) of the IQAC

(For Affiliated/Constituent Colleges)

## 2017-18

Institutions Accredited by NAAC need to submit an Annual self-reviewed progress report i.e. Annual Quality Assurance Report (AQAR) to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the IQAC at the beginning of the Academic year. *The AQAR period would be the Academic Year. (For example, July 1, 2017 to June 30, 2018)*

## **CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT**

## 6.1 Institutional Vision and Leadership

6.1.1 Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Practice-01

- The principal as head of the institution constitutes various committees at the beginning of the session to promote a culture of participative management. The convenors and the members of this committee are accountable for various tasks. The principal monitors all academic and administrative activities. Likewise non teaching staff is also given charge of specific assignments indicating thereby administrative decentralization. Practice-02
- Head of the institution is involved in all decision making activities and implements the decisions in accordance with the rules and regulations. Academic decisions are taken with the approval of all heads and faculty members. Administrative decisions on the other hand are taken with the approval of janbhagidari and staff council.

6.1.2 Does the institution have a Management Information System (MIS)?

Yes/No/Partial: Yes

6.2 Strategy Development and Deployment

6.2.1 Quality improvement strategies adopted by the institution for each of the following (with in 100 words each)

- Curriculum Development: Curriculum is being decided by higher education. However we contribute only during board of studies meetings. Regarding planning and implementation the prescribed syllabus as introduced by higher education is followed. Curriculum is enriched by regular trainings.
- Teaching and Learning: Teaching and learning go hand in hand. While teaching profile of student is taken care of since they are from different backgrounds having different I.Q. levels. Various innovative methods of teaching are employed and regular tests are conducted.
- Examination and Evaluation: Examination is planned by University. Evaluation is done by teachers both at university as well as at college level. Students are evaluated in college on the basis of CCE and Projects. Student performance and learning out come by way of result is duly appreciated.
- Research and Development: For promotion of research various scientific projects are being handled by teachers. Resources are mobilized for research. Teachers are encouraged for various training programmes. Research work is published in reputed journals. Our future aim is to promote consultancy and collaborations.

	<ul> <li>Data entry</li> </ul>
	•
	Drafting of documents
	Schedule and project management

- Managing the queries of higher authorities
- Preparing regular reports (expenses and office budgets)
- Finance and Accounts: Financing and accounting go hand in hand. Accounting is considered to be foundation of finance. While accounting focuses on day to day money in and out of the institution, finance is management of assets and liabilities and planning of future growth. Further, in accounting, revenue, expenses, assets, liabilities, income statement, balance sheet and statement of cash flows is taken care of.
- Student Admission and Support: Student admission is centralized. In student support we provide many direct services to help students, especially those who are experiencing problems that create barriers to access and success. Direct services provided to the students are:
  - Better education
  - Counselling
  - Advisement
  - Acceleration in learning process
  - Meeting their learning standards
- Examination: Examinations in our institution is under the perview of the university to which our college is affiliated. However class tests are organized as and when required.

#### 7.2 Best Practices

Describe at least two institutional best practices:

Best Practice 2017-18 (1)

#### Tittle of the Practice- "Personality Development"

#### Context-

Personality development cell has been established by the Department of Higher Eduaction, Bhopal, MP. As per the calendar of the cell various college level programs are organized. Personality is a pattern of thoughts, feelings and behavior that distinguishes individuals form one another. It is a broad term and takes into account the physical as well as mental state of an individual. Each person is unique. The activities related to personality development are helpful in manipulating oneself and bring out something good.

#### Objective-

The main objectives of personality development are:

- To keep smart body and cool head.
- It creates ones own personal style.
- It makes us an active listener.
- Persons learn to have patience and focus on communication.
- Through the activity one learns about social skills/ positive gestures.
- One can know his or her positivity.
- It teaches us not to fear failure.
- It makes us understand how to know ourselves.
- We become trained for not to fear failure.
- We become confident enough so as to not doubt ourselves.
- We consider ourselves as leaders and do not give up till end.

#### The Practice-

During 2018 the personality development cell of the college organized various job oriented programs as per the instructions of higher education department. One such program was conducted by AIIT (Advance Institute Of Information Technology). M/S Sajida of the institute was resource person. The program (HTML) focused mainly on personality development and job oriented program.

#### Best Practice 2017-18 (2)

<u>Tittle of the Practice</u>- "Environmental awareness/ Consciousness" <u>Context-</u> Best practices in Higher Education are performed for quality management and add commendable value to the institution. Environmental problems are burning issues these days. Environment is deteriorating day by day due to increasing anthropogenic pressure. It was in this context that the activity was selected.

## Objective-

Environmental awareness is an integral part of life and its protection is for the benefit of both environment and humans. Environmental destruction caused by humans is a global problem these days. For petty benefits man is destroying nature by the following various ways:

- Destruction of trees.
- Unsustainable development.
- Urbanization.
- Construction of concrete buildings.
- Water pollution.
- Use of plastics.
- Production of green house gases.
- Over production of waste.

On account of such a deterioration of the environment by human beings the activity was selected.

## The Practice-

Various practices were followed to maintain the green and healthy campus.

- Frequent cleanliness drives were organized in the institute both voluntarily as well as per the instructions of Higher Education.
- Establishment of botanical garden in the campus.
- Ban on plastic.
- Plantation drives.
- Compost formation.
- Presenting guest with saplings.
- Practicing best out of west.
- Propagating concept of environmental awareness by way of lectures organized by NSS wing of the college.

### Impact of Practice-

The practice had tremendous impact on the students. They became vigilant towards environment protection.

## 7.3 Institutional Distinctiveness

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust Provide the weblink of the institution in not more than 500 words

### 8. Future Plans of action for next academic year (500 words)

- Maintenance of quality parameters and emphasis on value based education.
- Establishment of linkages & Collaboration.
- Attracting meritorious students.
- Tracking of students.
- Enhancement in Research facilities.
- To utilize the grant for the development of college.
